EXCEEDINGLY SAD FATALITY AT DAWSON LAKE

Sunday afternoon the community was shocked when the news was announced that a drowning accident had taken place at Dawson Lake, near Ardenode, about seven miles north of Strathmore, when the lives of two young and promising lads had been snuffed out in a few moments.

Francis Booth and Harold Horrock, while skating, had broken through the ice and were drowned.

Francis Booth, Harold Horrock and Cliff Dawson all lads in their teens on Sunday took advantage of the afternoon to enjoy skating on Dawson Lake.

The ice was recognised as not too safe, so the lads kept comparatively close to the shore. About 4.30 o'clock, deciding to return to their homes.

About this time a severe gale arose, and while Dawson more or less remained under the protection of the bluff, the other lads, through the action of the wind, were slowly drifting out more towards the centre until they struck the thin ice, where the water had been open up to a few days ago.

Glancing back Cliff Dawson was horrified to see his companions go through the ice. He immediately went to their rescue, but discovered that the ice was absolutely unsafe, and as he was unable to swim himself, he recognised that it was only by securing assistance at once that he might be of any help.

He hurried and secured the aid of his father C. O. Dawson, and they returned to the point of the accident within a few minutes only to discover that the two lads had disappeared after a desperate attempt on the part of Francis Booth to save the life of his companion, Harold Horrock.

Booth was an excellent swimmer, and it is generally felt that he could have saved himself, but in attempting to rescue his friend, he had sacrificed his own life.

Mr. Dawson, who is an old sailor, is quite convinced that he might have been able to dive and possibly have resuscitated the lads had it not been for the windaform which made it impossible to see at all, and therefore impractical to even make the attempt.

The bodies were recovered on Monday morning within a couple of feet of each other.

The lads were very popular, and each exceedingly promising.

No later than last Saturday they were in Strathmore full of life and vigor, when Harold Horrocks was completing final arrangements to leave for Edmonton to attend the University.

Francis Booth was one of the most promising athletes in the district, and was one of the most popular and successful contestants at the recent Strathmore School Sports.

The two young men had been very enthusiastic workers in the Junior U.F.A. organization.

To the sorrowing parents and their companion Cliff Dawson, the sympathy of every person in the district, is most sincerely extended.

The funeral, a double one, was held Wednesday afternoon to the United Church, after which the interment of Harold Horrock took place at Strathmore, while the remains of Francis Booth were conveyed by train to Melroy, Indiana.

The funeral services were conducted by the Rev. J. N. Wilkinson, Rev. V. M. Gilbert, of Rockyford, and the Rev. Mr. Hocken, of Milo, formerly of Rockyford.

The funeral was conducted by Mr. C. W. Chase.

Death of A. Morrison

EDMONTON—A. R. Morrison, supervisor of fur farms under the Dept. of Agriculture, died in the Lacombe hospital on Wednesday evening, Oct. 21, as the result of injuries sustained when the automobile in which he was returning to Edmonton left the road and overturned some three miles north of Lacombe.

Many tributes to the efficiency of the late Mr. Morrison in the work with which he was connected have been expressed by Hon. George Hoadley, Minister of Agriculture, and members of the staff of the department, among whom he was very popular.

The late Mr. Morrison was a brother of Mrs. T. E. Wright, of Strathmore, to whom the sympathy of her many friends is sincerely tendered.

Married At Calgary

On Monday a very pretty wedding took place in Calgary at the Manse of the United Church, when the Rev. Rex Brown united in marriage Miss Ruth Cleland, of Calgary, and Mr. George B. Anderson, one of Strathmore's popular bachelors, who recently made Calgary his home.

The wedding breakfast was served at the home of Mr. and Mrs. J. Connor, and among the guests were Mr. and Mrs. Harry Anderson, father and mother of the groom, and his two brothers, W. F. and Fred Anderson Mr. and Mrs. Frank Reek, Rev. Mr. and Mrs. Rex Brown and Miss M. Murton.

The happy couple left to spend their honeymoon with friends at Cowley, and upon their return will reside in Calgary, where Mr. Anderson has a position with Hart Parr Tractor Co.

TOWN COUNCIL HELD A REGULAR MEETING

Mayor Shrimpton presided at a regular meeting of the Town Council Tuesday, with all the members present.

Minutes read and approved.

The Provincial Police Inspector reported that attention would be given to the speed antics on the highway.

The new agreement with the Calgary Power Co. was approved, which will give Strathmore ten extra street lights, each 250 watts, and at the same time save $380.00 annually after allowing for service charge of $15 monthly for motor at pump house.

The Canadian Natural Gas Co. reported that nothing could be done at present towards furnishing a service.

Quite a discussion took place re the recommendation of Weed Inspector Ewing, which had been endorsed by the Council in regard to the C.P.R. Farm and its infection by the famous Sow Thistle, and it was felt that after a very thorough inspection had been made that the Councillors had been rather hasty at the last meeting.

Mr. and Mrs. E. W. Whiteside and Bernice were Calgary visitors during the week end.

Mr. Seaton, of Vancouver, left for his home Friday last after a two weeks holiday spent at the home of Messrs Frederick and Charles Harvey.

Mr. and Mrs. Garrett and family motored to Didsbury Sunday, spending the day with friends there.

Nellie McClung gave a very successful lecture recently in Strathmore, and while returning home was held up by a highwayman, but he didn't get her bank roll. It is said she talked him out while quietly depositing her bank roll in the bottom of the car. Another object lesson for more oratorical contests.

Rev. Dr. Laird, of Toronto, gave an interesting address in United Church Thursday last on the work and outlook of the Church at large. He stressed the point of missions, very especially, a very active and necessary interest in the new people in our land, who need the sympathy and influence of the Church to enable them to become imbued with Christian ideals, a higher moral standard, better educated and more desirable citizens generally.

The Health Bulletin published under the direction of the Hon. George Hoadley, reports that in Alberta there were 414 deaths from external causes, of which the highest were 46 from drowning, 35 by falls, 31 by automobiles and 32 in the mines. The thorough educational methods of health propaganda has succeeded in greatly increasing the average life of the people, mainly by conserving the life of the young the benefits of which are saving them while young only to destroy them at a later period.

Mr. W. Taylor, of the Canadian Pacific staff, has received word of the death of his father in Scotland on October 2nd at the advanced age of 87 years. The late Mr. Taylor was gamekeeper of King George's Balmoral estate, and his son, W. Taylor, of Strathmore, made an excellent reputation in his younger days as a successful beater, often capturing the prize of a sovereign for rousing the first game, which the successful sportsman was always happy to donate, and further followed it up by "watering" with some of the choicest viands. Mr. Taylor has not been able to visit his father for about twelve years, but had hoped to be able to do so this year, and received quite a shock when he received the sad news of his death. The local friends of Mr. Taylor extend their sympathy to him.

The Service of the Church of England in Canada will be held in Nightingale Hall on Sunday, at 3 p.m.

A SUCCESSFUL SALE

Calgary, Oct. 31, 1928

The Standard,
Strathmore, Alberta.

Dear Sirs:—

I would be glad if you would put a small item in your next issue regarding the success of our last sale at Messrs Bond & Slacks farm at Cheadle. Our only advertising apart from the posters, was done through the Standard, and the results were wonderful. The attendance at this sale was the largest I have seen for some time. You might also mention the fact that Strathmore and district is one of the best districts in Alberta for sales.

Yours truly
A. LAYZELL, Auctioneer

I.O.D.E. DEBATE WAS MUCH ENJOYED

The Evening of Debates, which had been eagerly anticipated, arrived, and an audience interested and alert gathered which filled the hall almost to capacity.

The topics chosen for each debate were of very present interst, and for this reason the arguments pro and con were followed with closest attention.

Mayor Shrimpton acted as chairman in his usual genial manner.

"O Canada" was the first item on the program.

The chairman then explained the manner of arranging the subjects for debate. A committee first selects the debaters, who, in turn decide on a subject of general interest and benefit. Next, the arranging of the sides may be a delicate matter, and it is here that the good sportsmanship of the debater is called into play.

The sides are drawn by lot, and the debater abides by this decision, even though it forces him to debate a question which is in direct contradiction to his own personal views.

The Junior debate was on the subject "Resolved that the present system of colony and mass immigration is detrimental to the welfare of our country."

This subject was ably discussed by the youthful debaters, and the way in which they acquitted themselves left no doubt as to the effort being worth while.

The affirmative was upheld by Miss Bertha Gray and Murdo McDonald, while John Garrett and Miss Alice Garrett argued for the negative side of the question.

The judges, who were Mrs. F. Young, Mrs. Geo. Quirin and Mr. W. S. Paterson, gave their decision in favor of the affirmative though the contest was close.

A much appreciated piano solo was graciously given by Miss Maeve Scales.

Tre Chairman then called on the Senior debaters, the subject being "Resolved that the League of Nations is conducive to the future peace of the world." The affirmative for this was debated by Principal Crowther and Rev. T. B. Winjer, while the negative was taken by Messrs Watson and Schulte.

This was a strong quartette, and the wordy battle waged keenly to and fro, and the negative strove manfully to defeat their "worthy" opponents. However, the judges gave their decision in favor of th affirmative. The judges were Rev. J. N. Wilkinson, Rev. Father McAdam and Mr. T. M. Weary.

As a token of appreciation, on behalf of the Local Chapter I.O.D.E. a book was presented each of the junior debaters by the Regent, who reminded them that in some future day they might be discussing the same and kindred subjects in the legislative halls of either the Province or Dominion, and no doubt on that occasion they would look back to this their first debate in the town of Strathmore. Also it was obvious that both sides could not win, but Robert Browning had said in one of his poems that "the benefit was in the striving, that the effort we put forth, even more than the achieving is what counts", and so in this way all could win.

Mr. E. N. Ridley was a very efficient debate manager.

The singing of the National Anthem concluded a very worth while evening.

Miss Florence Garrett was accompanist at the piano.

Later refreshments were served to all assisting in any way, and their friends.

The committee arranging this being Mesdames Chas. and Fred Harvey, T. Chamberlain, J. French, Kearns and Moore.

The committee who arranged the debate were Mesdames T. E. Wright, F. Harvey and Moore.

The Earl of Strathmore Chapter I.O.D.E. desires to thank very cordially each of the debaters who so kindly gave of their time and ability to prepare their arguments, thereby furnishing so interesting an evening; also the judges and all who helped in any way.

TENNIS CLUB PUT ON ANOTHER VERY SUCCESSFUL DANCE

Very successful was the Hallowe'en Dance held last Wednesday evening by the Tennis Club. The Hall looked lovely with its softly shaded lights and gay Hallowe'en decorations described in these columns last week. Added to these were numerous bright colored balloons, and across the stage a banner cleverly wrought in orange and black, bearing the name "The Tennis Club."

A very large crowd gathered to enjoy the dance, and the orchestra was in excellent form, hence everything was favorable for the large assemblage to trip the light fantastic, merrily, merrily, until a late hour.

Prizes for the novelty dances were won as follows:

Elimination dance—Mrs. W. Harrison and Mr. Lester Jones.

Spot dance—Mrs. F. Harvey.

Best waltz—Mr. and Mrs. Arthur Kimmett.

A delicious supper was served by the ladies of the Anglican Guild, the committee consisting of Mesdames Joe. French, O. Wright, Freeman, Hyde, Springthorpe, Tew and Miss Collins.

The gratifying sum of sixty-five dollars was cleared by the ladies, and the Tennis Club's treasury was richer by one hundred dollars after paying all expenses.

The Club extend their thanks to the young ladies who assisted in "blowing up" the balloons, and to all who helped make their evening so great a success.

Mr. James Weir was the indefatigable Commander in Chief.

The Reunion banquet of members of the Canadian Legion will be held in the Memorial Hall on Wednesday November 14th. Oh boy, remarks Pat.

The members of the Girl Guides have undertaken to handle the sale of poppies on Saturday and Monday. Now, have your change ready and help these little workers put over a big sale. The cause is worthy, and the Guides need your encouragement.

SPORT NOTES

NEW MEN ON BLACK HAWKS

—o—

CHICAGO—Many new faces, mostly young ones never before seen in major-league hockey, are to be presented by the Black Hawks of Chicago in the National Hockey League championship race starting Nov. 15. It is stated here by Herbert M. Gardiner, new manager. Gardiner, who succeeds Russell Stanley as pilot of the Hawks, was captain and star defence player of Canadiens last year. Just what his team will be like Manager Gardiner does not know. Many of the old players have been sold to Tulsa, Okla. The squad will work out for 10 days at the gymnasium of the Chicago Athletic Association and then go to Kansas City to practice on the ice for ten days.

—o—

THE BIG ITALIAN PUGILIST

—o—

Primo Carnera, an Italian, who is almost seven feet tall, and is said to be the heaviest and biggest fighter in the world. He may come to America to enter Tex Rickard's heavy weight tournament.

—o—

HARRIS TO JOIN MILLERS

—o—

H. "Smokey" Harris, known throughout the province of Manitoba as a brilliant baseball and hockey player, will join the Minneapolis Millers in the American professional league. "Smoky" has been a consistent hard worker in every game he participates and has a natural build that should carry him a long way in the circuit. During the past week he has had some of the "humps" removed and is now feeling real fit for the impending ice season.

YANKEES PAY PLENTY CASH FOR PLAYERS

—o—

ST. LOUIS, Mo.—If you accept the reasonable sound theory that the more money you pay ball players, the better ball players you get, and therefore the more games you win, then it is easy to explain the decisive edge the Yankees established over the Cardinals in the 1928 world series.

Colonel Ruppert's payroll for his hired hands is said to average around a quarter of a million dollars a year. The total paid this year to the 10 final performers will not be half that sum and probably not much more than one-third.

The Prima Donna

The Yankee prima donna, Babe Ruth, is on a three-year contract paying him $70,000 a year. Top man on the Cardinals is Captain Frank Frisch, who probably receives little more than $15,000 annually.

Lou Gerrig is playing under a three-year contract which awarded him $20,000 in the year just ended, Waite Hoyt is said to receive around $17,500. Herb Pennock probably gets better than $15,000; Bob Meusel may be credited with almost that amount, and Tony Lazzeri rates round $10,000.

After Frisch, Grover Cleveland Alexander is the highest paid employee in the Cards' line-up, and it is doubtful if his income exceeds $12,000. Thus there are at least five Yankees who receive bigger pay envelopes than the second highest paid man among the National League leaders. Bottomley and Haines, who receive about $10,000 each, rank next to Alexander in Cardinal income.

MR. COLLINS OF TEXAS AND HIS APPETITE

—o—

Mark Ross, travelling secretary with the New York world champions, tells a new story on "Rip" Collins, that eating prodigy of baseball, whose gastronomic feats are still unsurpassed. The Toronto Leafs sold him to the Browns this season, so let D. Phillip Howley worry. "Collins," says Roth, "was the champion of all eaters. He won it by steady and consistent performances. He was a strategic, too, and one of his stunts fooled us for months. "The club pays the fodder bills while the boys are on the road, and the daily limit is four bucks for each athlete. To 'Rip' four dollars worth was a painfully meagre diet. So he beat the game. He knew every athlete on the club, of course, and he would sit near the doorways and count 'em as they drifted in. Sometimes one, maybe two, three and four, would pass up a club meal. 'Rip' would note the number of absentees, and as the last gong was about to sound he would charge into the eating hall and eat for all the missing! If four were absent 'Rip' took care of it all. He would order their rations, eat it all, and then sign for them. Yes, sir, that Collins boy could eat!" Mr. Roth's story reminds us of Tommy Daly's classic remark when somebody asked the Toronto trainer if the players adhered to a strict diet or ate as they pleased. "Eat? Eat? D'ought to see them guys eat. Hungry all the time. Why say, they're the worst lot o' Hungarians y'ever saw!"

ROWE ANNOUNCES PORTLAND ROSTER

PORTLAND—Eighteen hockey players have been ordered to report by Manager Robert Rowe, of the Rosebuds, Portland's entrant in the Pacific Northwest Professional Hockey league.

The roll of Portland's club this year will be made up mostly of former amateur players, but Rowe, who made a scouting trip for puckchasers in the west during the summer, has signed three professional stars. They are Red Conn, outstanding star of the western Canada circuit last year; Babe Morrison, who came to Portland from Detroit; and Ike Morrison, who played two years with the Regina and Edmonton clubs, has been purchased from Moose Jaw.

Rowe expects to announce the purchase of another professional within the next few days.

The list of amateurs ordered to report for tryouts includes—

Paul Runge, Edmonton, of the Winnipeg Maroons, Forward; Dan Carrigan, Edmonton, forward; Joe. McGoldrick, Calgary, defence; Frank Burke, Lacombe, Alta., defence; Hob Wilson, Saskatoon, defence; Jack Pratt, Rossland, B.C., forward; Grove, Edmonton, forward; Earl Armstrong, Ottawa, defence; R. Brandow, Winnipeg, goal; Herbie Watt, Lacombe, Alta., goal; Ernie Leacock, Banff, forward; F. Hamilton, Saskatoon, forward; and Clint Rhodes, Stettler, Alta., forward.

—o—

HOCKEY NOTES

The eastern minor hockey leagues expect to get under way before the National Hockey League, which opens Nov. 15. The Canadian-American Hockey League will probably start about Nov. 12.

The new Buffalo team in the Canadian Professional Hockey League, under the guidance of Percy Le Sueur, has made a fine start by purchasing 19 of the Hamilton team of the same league.

It now appears that H. Percy Thompson, owner of the Hamilton Tigers in the C. P. L. is about ready to stop trying to make money out of professional hockey. The Hamilton fans have had a N. H. L. team without financial success and now a minor-league team has failed to be profitable.

Edward Gerard, manager of the Montreal Maroons has three new men trying out for the team in Harold Hicks, right defenseman, and C. Frank Elliott, right wing, who were with Stratford in the C. P. L. last season, and McBride, a defenseman of the Fort William's team, last seasin.

Andrew Akenhead, goalie for the championship Saskatoon team of the Prairie Hockey League last year, will undoubtedly be in the net for the Springfield Indians. Rangers bought him; but if Loren Chabot, Ranger goalie, is all right, Akenhead will be sent to the Indians to replace Abbey Cox who was sold to Providence and from there went to Windsor.

The question as to who will get David Trottier, star left wing of the Toronto Grads, Olympic champions last year, is still unsettled. About four teams are actively after him, and the one finally to get his signature may have plenty of difficulty holding his contract, for protests are expected to be filed by those losing out.

TENT SAVES LIFE WHEN PARACHUTE FAILS TO OPERATE

—o—

SAVANNAH, Ga.—James J. McFadden, parachute jumper, has had his greatest thrill and, incidentally his closest escape from death.

McFadden, who was recovering in a hospital from concussion of the brain, went aloft in a balloon as a special "stunt" for the Georgia state fair. A throng which idly watched him leap from the balloon at a lofty altitude and drop downward, was heard to gasp a moment later when his parachute failed to open. Helplessly spectators stood by watching the jumper sprawling earthward at a terrific speed until he finally disappeared on top of a large canvas tent which covered the main show of a circus.

McFadden, it was found had landed on the canvas head downward, but had escaped with only a slight concussion of the braid. He was expected to be released from the hospital soon.

"MY BEST GIRL" AT HIRTLE'S THEATRE

—o—

"The players in 'My Best Girl' are so well chosen for their parts that the audience thinks of them as real people rather than as actors and actresses."

This quotation from a prominent New York critic's review of Mary Pickford's newest United Artists Picture concisely sums up the merit of the cast of this comedy-romance. Headed by young Charles Rogers and Hobart Bosworth, "My Best Girl," which comes to Hirtle's Theatre Nov. 9th and 10th, is said to have one of the best balanced companies on the screen.

"Balanced," in the technical sense, refers to a cast in which each member is perfectly qualified to portray the exact character called for in the script. And each role in Miss Pickford's story is filled by a player who tried to "live" his or her part rather than merely act it, thus adding immeasurably to the realism of the production.

The leading man, Carles Rogers, has been declared by no less an authority than Miss Pickford herself to be one of the most promising young players on the screen. His meteoric rise has been one of the sensations of film circles." Hobart Bosworth who is noted for his character portrayals, appears as the millionaire in Mary's "Nickel-and-dime" story.

Miss Pickford's "parents," with Lucien Littlefield as the hen-pecked postman-father, and Sunshine Hart as the hypochondriac mother, provide many of the laughs. Mack Swain, the famous comedian of Charlie Chaplin's "The Gold Rush," appears as the police judge in the night-court sequence.

C. P. R. SUPPLY FARM SELLING SURPLUS STOCK

—o—

The sale by auction of the surplus of registered Holstein cattle from the Canadian Pacific supply farm at Strathmore, Alberta, will take place at Regina, Sask., on November 7, by order of E. Ward Jones, superintendent of animal husbandry for the Canadian Pacific. The sale will include 45 cows and heifers in calf and five bulls. The females are of splendid quality, between two and three years old, due to freshen between now and the end of February, and are guaranteed to be in calf, some of the famous herd's best bulls. The young bulls are fine animals from high record cows and are sired by the leading sires.

These animals are being sold because of limited housing accommodation at Strathmore, and constitutes a magnificent opportunity for farmers particularly interested in dairying to add to their herds.

THE SAYINGS AND DOINGS OF MANY PUBLIC MEN

Sir Robert Borden recently criticized Hon. R. B. Bennett and said he was "suffocating himself with his fluency." Was it not Disraeli who once accused an opponent of being "inebriated with the exuberance of his own verbosity?" And Churchill's accusation against an opponent of using a "terminological inexactitude" will stand for some time. Mr. Meighen was also once described as "the greatest master of unconvincing eloquence in Canada."

The Winnipeg Free Press thinks the Alberta authorities should come out in the open and probe the Ponoka trouble. It says: "While the Ponoka hospital is a provincial institution the treatment of mental cases is one of vital interest to everyone in the Dominion. There will be widespread horror if the suspicions aroused by the Ponoka tragedy are confirmed, but the worst possible course would be to pursue a hush-hush policy in regard to them. If the stories are pure rumor the only way to stop them is to kill them in the open." That's good advice from an outsider who is not inclined to meddle in our affairs.

Canon H. J. Cody says: "The practice of taxing paying patients in a hospital for the maintenance of non-paying inmates, was deplored.

"Patients in private rooms were charged far beyond the cost of the service they received. The profit went to defraying the cost of the non-paying patients. The charge of looking after more indigent patients should be on the public generally and not inflicted on private patients in the days of their severest trial."

He suggested that the great need of hospitals in this day was to build so that private rooms could be provided at a reasonably moderate cost. He had known of men who had been bankrupt or financially crippled for life by the fancy prices, ranging from $50 to $100 a room and $70 a week for day and night nurses.

He proposed that a plan for group nursing should be studied in hospitals to relieve the enormous financial drain that private nursing meant to the ordinary citizen.

The speaker also described as no less than a "national danger" the high cost of maternity today. He hoped that every hospital building afresh would make provision for moderate-priced private rooms. This ideal was sought in the new wing of the Toronto General Hospital, now under construction.

Lord Lovat: "To come to Alberta, where success seems to belong to every settler whom we have met or about whom we have heard, is to realize that here you have good land, a good country, the right type of settlers and the right sort of management."

"Out of 200 settlers with whom we came into direct contact, or about whom we heard from responsible parties whom we met, 95 per cent. of them are undoubtedly going to succeed, "and I am informed that 89 per cent. of the original families settled under the 3,000 families scheme, are still on the land."

* *

Dr. Agnew, of the Canadian Medical Association: The tariff imposed on certain hospital necessities was declared to be nothing but an imposition on the helpless sick.

Dr. Agnew said that a duty of 25 per cent. on ether, 30 per cent. on X-ray films, 30 per cent. on operating room lights, and similar levies on other equipment were imposed, and that in a great many instances these duties were purely for revenue and not for protection. There was also, he said, considerable variation in the interpretation of these duties at different customs ports, and he declared that "it is the intention of our department to consider this matter very shortly and to endeavor to correct many of these impositions which exist in the present tariff laws."

Many Barnacles

Dr. Agnew recently toured Canada inspecting hospitals, and he said that he had encountered many barnacles holding back the progress of our hospitals.

"One of the greatest of these is faulty construction," he said. "In every Province one sees examples of awkward utility rooms, inadequate service departments, narrow doors, poor lighting, worse ventilation, impossible equipment, irritating color schemes, and the bane of all hospitals, concealed plumbing."

Dr. Agnew also complained that while general hospitals were frequent throughout the country, there was a crying need for more homes for the chronic, the convalescent, the incurable, or the tuberculous.

Dr. Malcolm McEachern, Director of Hospital Activities, American College of Surgeons, Chicago, who pictured the "hospital of the future," also referred to loose organization of medical staffs, declaring that the time was coming when there would be a clinical director in every hospital, when the medical staff would be organized under one acknowledged head and when no hospital would allow a major operation to be performed unless a consultation had been held previously. He suggested that some doctor's attempted surgery without the fundamental training that it required, and he declared that in this day of rapid transportation there was no excuse for not obtaining competent surgical skill in an emergency.

In the future hospital, Dr. McEachern said, there would be no change but the accentuation of the present functions of a hospital. The chief function, he said was of course, the giving of the right care to the patient, with accurate diagnosis and scientific treatment. Every hospital, he said, should also be a teaching centre where the practicing doctor was being educated, and when the interne was being given the proper supervised instruction.

Hon. Charles A. Dunning while in Britain admitted that if present immigration restrictions had been in force seventeen years ago he would not have been able to come to Canada. Doesn't the Government want any more like him?

Louis Wiley: "If we could get the editors of England and the United States to sit at the same table daily, there would be fewer misunderstandings and misconceptions on the part of the public of both nations."

M. D. Bow Valley Council Meeting

A regular meeting of the Council of M. D. Bow Valley No. 219 was held in the Municipal Office, Strathmore, on Wednesday, October 31st, 1928, commencing at 10.30 a.m. Reeve Chamberlain and Councillors Christensen, Phillips, Groves and Wheeler present.

Moved that the minutes of the last meeting be adopted as read.

Moved that the money to be spent under the provisions of the Dept. of Public Works Secondary Road programme in 1929 be spent on the road two miles south from Orange Valley School House, 22-23-25 W. 4, to Carlsen's corner, N.W. 11-23-25 W. 4, and thence east from between sections 11 and 14-23-25 W. 4 as far as possible.

The Secretary was instructed to arrange to have surveyor meet Mr. Christensen and Mr. Mainland to discuss and lay out a road diversion north of the Carseland Bridge over the Bow River.

Report of the Auditor for the period ending July 31st and Sept. 30th, 1928, was read to the Council.

Statement of the finances of the district at Sept. 30, 1928, was read to the Council and accepted and order incorporated in the minutes.

Messrs Christensen and Phillips were appointed a committee to look over the road diversion in the N. E. 11-23-25 W. 4th and advise the Council what steps should be taken re transfer of original road to C.P.R. Co. or cancellation of the diversion.

Moved that the Annual Ratepayers and Nomination meeting be held in the Great War Memorial Hall, Strathmore, on the third Saturday of February, 1929, commencing at 1 p.m.; that C. H. Cowell be appointed Returning Officer for the 1929 elections; that the Municipal District be divided into six polling divisions and that each polling division be the electoral division of the Municipality as set out by the Dept. of Municipal Affairs; that places of polling in each polling division and deputy returning officers for each polling place be as follows:

Division 1—Hill Hardware Store.

Division 3—Carseland, W. E. Hill; Residence of L. F. Moore, C. Hansen.

Division 2—Lawrie Store, Carseland, W. Lawrie; Residence of F. C. Dalton, F. C. Dalton.

Division 3—Residence of A. I. Downey, D. Fraser; Residence of H. E. Baldwin or Jas. Jackson.

Division 4—McIntosh Store, Namaka W. J. McIntosh; Residence of N. Carlsen, N. Carlsen.

Division 5—Residence of M. Sorenson, W. G. Knysett; Residence of F. Smith, Geo. Smith.

Division 6—Residence of W. Kirton, J. McLean; Residence of W. E. Keer, W. E. Keer.

Moved that Mr. Chris. Christensen be engaged if possible to repair the 10 foot and 12 foot graders this fall.

Moved that contract be entered into with Messrs A. Ostram & R. A. Bishop of Carseland for the construction of the approach to C.P.R. bridge being installed on the original road allowance south of 5-22-26 W. 4, where such road crossed the C.P.R. Spillway Coulee and that the Council agree to pay 20c per cu. yard for the material used in the construction of this approach. Further, that the work be completed this fall if possible or prior to June 1st, 1929, if weather conditions do not permit of completion in 1928.

Moved that the Reeve be a committee to attend to the repairing of the road between sections 2 and 3 and 10 and 11-24-25 W. 4th.

By-law No. 103—A By-law to authorize a grant of $50.00 to the Salvation Army Rescue Home Work, was introduced into Council, and the Council voted unanimously to give the By-law three readings at this meeting.

A number of bills and accounts were passed for payment.

BIG PORTION IMMIGRATION BUNKUM

—o—

VANCOUVER—Premier Tolmie of British Columbia has taken occasion to say that the reports that have been going around as to what British Columbia was prepared to do to obtain British settlers was slightly exaggerated. Dr. Tolmie has announced that there is no truth in the report cabled from Britain to Canada that British Columbia was offering forty acres of cleared land, $2,000 cash and a log cabin to induce 20,000 British families to settle in Canada.

Since the news got out about what British Columbia was going to do—which news is denied by Premier Tolmie—British Columbia has been getting a lot of good publicity in the Old Country on the fine way in which it was going about to get British settlers. Seeing, however, that the 20,000 families at $2,000 each would require $40,000,000, and that the cost of the farms and the clearing of the forty acres would be worth, perhaps, another $40,000,000, it is not difficult to understand why the earlier reports of the enterprise have turned out to be unfounded.

The trouble about most of these fine immigration schemes is that they look much better on ordinary paper than they do on the banking paper. Even $40,000,000 is quite a lot of money.

WILLIAM FRANCIS BOOTH

—o—

William Francis Booth, the only son of Mr. and Mrs. O. R. Booth, of Ardendode, was drowned in Dawson's Lake Sunday, November 2, 1928, shortly after 4 o'clock.

Francis was a man of 17 years, and gave promise of being a wonderful example of manhood, both physically, mentally and morally. He was ever free to help his parents, his teacher and his smaller school mates.

In school Francis was very quick to learn, and in the latest school fair won a scholarship to Claresholm Agricultural School. In athletics he took a strong and active part. He was at the time of his death champion in the open class for boys of the Bow Valley Teachers' Association Sports. In school entertainments he always took an active part.

Francis was born on August 25, 1911, at Ardendode, Alberta. He was christened in Nightingale by the Rev. Mr. Garden on November 21, 1920.

Besides his parents he is mourned by his uncles, aunts and grandparents in Indiana, U.S.A.

Francis will be buried near his little sister in Milroy, Indiana.—Contributed

FINNS TAKING UP VERMONT IDLE FARMS

—o—

RUTLAND, Vt.—Vermont's abandoned farm problem is being solved to a considerable extent by Finlanders. For a period of more than 10 years the American farmers in the vicinity of Ludlow and Andover have been gradually leaving the farms, largely due to the fact that the good wages offered by town industries have attracted the younger people.

As the natives have left, their places have been filled by Finns, and it is doubted if many of the farms in these two towns would be occupied today if it were not for these people.

The Finns make good citizens and most of them have been naturalized. They are clannish and provide their own amusements. In Andover they have erected a large hall where they hold dances nearly every week of the year, and their farmers' club also meets there. In summer frequent picnics are held in the different neighborhoods.

Because We are Going out of Business

The Second Week of Our Great Quit Sale

ENTIRE STOCK GOES

GOING OUT of BUSINESS

Gatenby's Dept. Store

Astonishing Specials!

The Talk of the Town!

DON'T MISS IT!

Last Saturday was the biggest day's business in the history of this store, and everybody was dog-goned tired.

The only reason we did not do more business was because we couldn't wait on any more people.

The purpose of the sale is to sell out everything including the fixtures. Hence, everything in the store is reduced—some things a little; most things a small boy would say "a whole lot"!

We want everybody who comes here to save something.

We have tried to be fair; not that we are satisfied—this was because it was impossible to see everything at once in the limited time we had to get ready.

Please bear this in mind—"If you are not satisfied, we want you to tell us; we will freely exchange anything or give you back your money."

We will not sacrifice the store's good name to get a few paltry dollars.

NO FAKE PRICES HERE.

JUST PLAIN FACTS

THOUSANDS of dollars worth of merchandise are being sold at prices that are so low as to make the public marvel at our being able to offer them. We are not able-but are forced to. We must sell out quickly.

YOU can depend on getting all you expect and in a good many cases a little bit more. EVERYTHING is marked in plain figures. Nothing is marked up to be marked down again. You can depend on that much. We realize that to sell out quickly nothing but a charge of dynamite will have any effect. So every price has been dynamited. But while I'm losing, you'd better profit. NEVER AGAIN AT SUCH PRICES.

Gatenby's Sale is a Real Sale

It is appealing to the people in this section, and moreover, it is appealing to men and women who have lots of money; and the reason they have lots of money is because they know how to spend it—and also how to keep it.

I COULD go on and tell stories of the men and women that you and I both know, who are coming to this store to buy Suits and Overcoats and Furnishings, and Women's Coats and Yard Goods, which, by the way, are being sold for less than half price—Hosiery, Laces and Groceries.

They are not questioning the values at all. Indeed, the name of "Gatenby" is standing the store in good during this sale. Here's the point!

Come One - Come All! The Opportunity of Years. Every Dept. is Teeming with Bargains

THE CARLOAD OF WINTER APPLES ARE GOING FAST.
Get Your Box Before They Are All Gone!

HURRY! HURRY! HURRY! PROMPT THURSDAY THE BIG SALE AT GATENBY'S STARTS AGAIN.

NO LONGER IS THERE A PROFIT ON ANYTHING!

All consideration of cost has been disregarded. Where assortments are broken, goods have been terrifically slashed—but everywhere, in every department, on every item, radical, decisive reductions have been made.

If We Were to Remain in Business

and quote the prices we are selling at, you would have reason to be suspicious—but we

Positively Quit Business Therefore the Prices are Sensational

You can now buy merchandise at about wholesale cost, No other Merchant who remains in business could or dare do such a thing.

NOTICE TO CHARGE CUSTOMERS

To all those who have a charge account at our store, the privilege is extended to you, as usual, during the sale. All goods will be charged at Sale Prices.

firemen by carrying an accident policy was endorsed.

Tenders were received for road signs, and that of James Luck recommended.

The Secretary-Treasurer was instructed to once more notify the delinquents in the payment of the Minimum School Tax, and to take legal proceedings without exception against all who have not settled by November 20th.

The by-law continuing Dr. J. W. Gilbert as Medical Health Officer, was passed.

Councillor Risdon brought to the attention of the Council, the fire hazard which exists by the excessive growth of weeds, which might be the means of starting a very serious conflagration at any moment.

A grant of twenty-five dollars in aid of the Social Service work of the Salvation Army was made, after a very strong appeal was presented by Adjutant Shaw, of Calgary.

The Mayor and Councillors urge upon the residents the necessity of doing everything possible to keep their children off the ice in the Lake in order that similar fatality to that of Dawson Lake last Sunday may be averted. The ice is positively unsafe and it is the duty of parents to insist that the children keep off. The Mayor and Councillors can do no more than issue this warning, and it is up to the parents to act in the matter.

Current accounts amounting to about $100.00 were passed for payment.

G. D. Dewitt is a great lover of animals, and is the possessor of a very fine cowdog, which, it may be said, cannot trace his pure bred title to any ancient pedigree book, at the same time he has established a place in the heart of his owner by sheer merit in the handling of stock. A few days ago Mr. Dewitt was horrified to find that his pet dog had been engaged in a deadly combat with a porcupine, which, when weighed after demise turned the scales at 23½ pounds, but in the encounter Mr. Dog had absorbed numberless porcupine quills, and was in intense agony. Mr. Dewitt brought the animal in to Dr. Geo. Koch, of the Strathmore Hotel, and within a short time the quills were removed, and the dog sore out of pain. Mr. Dewitt was a close student of the surgical operation so that when he returned home and discovered that two of his horses had run foul of Mr. Porcupine or one of his associates, and that these animals were in bad physical shape and needed the services of an expert quill extractor. He obtaining the aid of an assistant, and in a short time these animals were in a fair way to recover, and Mr. Dewitt was decidedly proud of his newly acquired surgical knowledge.

CURLING

A great deal of interest is again being shown in the coming curling season, and it is planned to hold the annual general meeting and banquet on Friday, November 23rd. This will be a bang-up affair, and no pains will be spared to make it a success in every sense of the word. Presentation of Cups won last year will be made and a good speaker arranged for. FILENE ADVISES POOL BUYING TO THWART CHAINS

CHICAGO—A formula for successful shopkeeping was given Oct. 18 to the retailers of Chicago by Edward A. Filene, Boston merchant and economist, in addressing the retailers' luncheon of the Illinois Chamber of Commerce.

"Here is a method I have always found successful," Mr. Filene said in the course of his talk, which the independent merchant can meet the competition of chain stores.

Advertise largely—courageously—the things that people want and will doze helped by owning.

Tell the exact truth in your advertisements, being sure to understate the good qualities of your products.

Don't lie! If you must lie, do so without advertising your iniquity.

If you don't sell great quantities by this method, then improve the value of what you are advertising until it is more surely the best value on the market.

Must Increase Values

If you don't sell greater and greater quantities in this way, then advertise still more courageously.

Reviewing the growth of chainstore retailing, which he said had doubled in volume in the last eight years, Filene advised independent merchants to organize or join one of the several types of buying or management associations which can meet the chain store at its strongest point.

Buying pools and associations of retailers in groups with a central organization will give the independents buying power as strong as that of the chains, and store management that is fully as effective, Mr. Filene declared.

"Competing drug stores have formed buying pools, and with no other common interest or control, have met and defeated the competition of chain drug stores," he said. "That has been possible because these stores, under personal ownership and management, had the interest and attention that no hired manager can give, and through this pooled purchasing power, were able to meet competition on a price basis.

Strength of Chains

"There is no reason why independent retailers in other fields cannot pool their purchasing power in the same manner and have, in addition, enough centralization to enforce the measures which are the strength of the competing chains. These are group mass-buying, simplification and standardization of stocks, and enforcement of the best merchandising practices worked out by expert management staffs.

"Then with each store under personal management of the owner, such co-operative associations of independents should be able to beat out the other type of chain."

Mass production is the basis of American prosperity and cannot live without mass distribution, said Mr. Filene, pointing out that both depended on low selling cost.

An ultimate development in retailing will be department store chains, Mr. Filene declared, because such organizations, comprising 50 to 100 stores, can reach a sales volume of one or two thousand million dollars a year, and so exercise tremendous purchasing power. Each department in such an organization would be a unit in a nation-wide chain of similar departments.

"This development is sure to come," Mr. Filene declared. "If department stores do not form chains—then chains will form department stores."

Dr. Samuel D. Price: "Saying good things or saying them well, can never compare with having a heart feeling for others that will make earth's pathway easier for wearied feet."

* * *

R. B. Bennett: "If we are to be a great and enduring country we must have a respect and reverence for the law."

* * *

Roy L. Smith: "Defeat is no dishonor. Failure to renew the attack is."

A THOUGHT FOR THIS WEEK

—o—

That best portion of a good man's life—his little, nameless, unremembered acts of kindness and of love.—Wadsworth.

CARSELAND FIRE A WARNING to RATEPAYERS

Last year after giving the matter very careful consideration, the M. D. Bow Valley Council submitted a by-law to the ratepayers, asking for authority to spend about $3,000 to erect a Municipal building. The main object was to safeguard the valuable securities and records held by the municipality, and which in the main are daily unprotected from loss by fire. A small majority against the by-law was the result of the poll. Many of the ratepayers were probably not conversant with the risk that is carried each day, and much heavier at certain times of the year.

The serious fire at Carseland a few days ago should be an object lesson that might well be given due consideration by the Bow Valley Councillors regarding the advisability of again submitting another by-law, and for each and every member of the Council to get in touch with the ratepayers in his district, and personally explain the exact situation.

The cost of the building would be a very small matter to a corporation that is in such a healthy financial condition, and a serious fire might easily place them in a position that they would be seriously handicapped for many years.

No matter how careful officials may be, conflagrations do occur. The old motto " a stitch in time saves nine" is very applicable in this case. How about it Mr. Reeve and Councillors?

—o—

IDEAS AND IDEALS ARE VASTLY DIFFERENT

It is not the lack of ideas that cause so many men to miss the mark. Some men who have been most prolific in ideas have proved the worst failures in life. They have ideas galore. They could produce them at will. Whatever the need or the emergency they had ideas to fit the occasion. But somehow or other, their ideas got them nowhere. There is nothing wrong with ideas. Ideas are good things in themselves. But an idea is not everything. An idea is only an image in the mind. All that it has behind it is a wish. These men would not have failed if they had had an ideal, which is a vastly different thing from an idea. An idea is an image in the mind; an ideal is a perfect image in the mind. That one word perfect makes all the difference in the world.

All men who ever accomplished anything did it by idealising; did it by idealising the thing they set out to do, or make, or be. "I saw my country free", said Washington. In a later day, Lincoln visualised the slave free and so it came to be. Rockefeller idealised a pipe line and became the oil king of the world. Ford idealised a people possessing motor cars and idealised a process that would enable him to manufactur, them cheap enough for everybody to own one. Lindberg saw himself landing in Paris before he left New York idealising his air ship and the process by which he should reach his objective. You do the same. Ideas have only wishes back of them; ideals incorporate desire and to desire anything is to start it on its way to us. The wonderful cathedral that stands on the banks of the River Mersey existed in the mind of its architect before it had one stone laid on another. He idealised his cathedral, and the process by which it would be built. If he had only had an idea he could never have built it. He had an ideal, a perfect image in his mind of the cathedral he desired to build and of the way in which he would build it.

ARMISTICE DAY NOVEMBER 11th 10th ANNIVERSARY

November 11th is the 10th anniversary of Armistice Day, which closed the world's worst war. Poppy Day was the name given to this date, and is recognised the world over, and is observed by the wearing of a poppy. These poppies are made by the boys who did their share and returned, too badly disabled to carry on their regular employment.

The Girl Guides, of Strathmore, have made arrangements to have poppies on sale on Saturday, November 10th, and Monday, November 12th, so see that you welcome them and aid them in their sale which will be forwarded to assist the boys who protected you when you needed their help.

NAMAKA

Miss Merle Brown left for Calgary, where she will spend the winter.

Mr. Harold Wooster left October 12 for Olds, where he will attend the School of Agriculture during the winter months.

A jolly and well planned Hallowe'en party was held by the C.G.I.T. group of girls at the home of their leader, Mrs. Waters. The house was decorated with pumpkins, black cats, bats, witches, owls sculls representing horses and cows lighted up with candles and placed on the piano and music case. Orange and black streamers hung from the wall. The old witch was there with her broom stick. Guests were received at the door by a ghost, and were given a ride on the magic carpet. Games were played and refreshments were served. All declared that they had an enjoyable time.

Mr. Hamilton visited Calgary Sunday. There must be a reason.

Mr. McDonald, of Calgary, was in the district during the week tuning pianos.

LANGDON

Mr. and Mrs. Hodson and Mr. and Mrs. A. Lynch are rejoicing over the arrival of baby girls in their families in October.

Victoria Allcock, Marion Armstrong and Katherine Moe accompanied by their group leader, Mrs. F. G. Fulton, attended the Calgary and District C.G.I.T. convention held in Wesley United Church October 26, 27 and 28.

The C.G.I.T. Girls, under the leadership of Mrs. F. G. Fulton, gave a delightful Hallowe'en party for the young people and children of the community in the W. I. rooms Friday evening. The rooms had been nicely decorated, games of all kinds were played, and last, but not least, all enjoyed a dainty lunch.

The old Kent schoolhouse was sold at auction on Saturday, the purchaser being Lester Anderson. This building will be remembered by many old-timers as the red school house, and was one of the oldest school buildings in this part of the country. Kent School District has lately built a new up-to-date modern school house, and last Friday evening held a formal opening. Miss Stiles and some pupils from Calgary gave a splendid program, after which dancing was enjoyed. Miss Williams, of Calgary, is the teacher of the Kent school.

Mrs. M. J. Fogarty, who has been ill with rheumatic fever for several weeks, is still confined to her bed, and will be for some time, though her friends hope she will soon be around again.

W. J. Braden and family have moved into the E. Armstrong house in Langdon for the winter, while J. F. Fortin and Mrs. Fortin who have been living in the house have taken an apartment in Calgary.

Stelle and Colwell have unloaded two carloads of new Fords lately, and R. Copeland, D. Kernaghan, C. Anderson, J. Wilson, J. Paris, E. Lee and R. Crilly are now proud owners of new model Fords.

Mrs. T. C. Smiley is building a new house in Langdon.

SCHOOL COLUMN

During the month of October 190 pupils were in attendance at the school The average attendance was 176.73, and the percentage 93. Eighty four pupils were present everyday. As no room had 60 per cent perfect attendance no half-holiday was awarded.

School will be closed from Thursday, November 8th till Monday 12th, both days inclusive to enable the staff to attend the Public and High School Teachers' Conventions in Calgary.

The following seven pupils have announced their intention of contending for the honor of representing the Strathmore High School in the forthcoming International Oratorical Contest: Maeve Scales, Punsy Frohberger, Alice Garrett, Sam Slater, John Garrett, Campbell McDonald and Murdo McDonald. We trust that some more will be forthcoming. The elimination contest will be held on December 14 in the Memorial Hall. Every effort will be made to get other than local judges. Mr. W. M. Davidson, former Editor of the Morning Albertan and ex-Liberal M.L.A. for Calgary, has already kindly consented to act in this capacity.

Commencing Tuesday, November 13, the four Public School rooms will start at 9.30 a.m. The two High School rooms will start at 9 a.m. as usual.

Pupils and staff of the Strathmore School wish to extend to Mr. and Mrs. Horrocks their deepest regret and sincerest sympathy on the loss of their boy. Harold was a student at the Strathmore High School for three years, and was liked and respected by all. He was a young man of good ability, characterized by sincerity and unity of purpose; also to Mr. and Mrs. Booth on the loss of their son, Francis, who was a successful contestant in the recent school sports, and very popular with the Strathmore students.

END TO DECAYING TEETH IS FORECAST BY U. S. SCIENTIST

—o—

MEMPHIS, Tenn.—The day is near —perhaps within a year—when science will be able to offer the world a simple formula that will forever put an end to decaying teeth, Dr. Sherman L. Davis, of the University of Indiana, said in a speech to the tri-state dental conference here.

"Our theory is that we can end decaying teeth through proper diet.

"We have tried it out on school children. We ground out the decaying parts of their teeth and then left the clean cavities exposed. With proper diet, no further decay developed," Dr. Davis said.

NOTICE TO THRESHERMEN

Owners or operators of threshing machines and combined harvesters are required to send to the Department of Agriculture at the end of the threshing season a return showing the number of acres and number of bushels threshed. This applies whether the machine has been used for custom work or only for the owner's crop.

Special forms for these returns may be secured from the

PUBLICITY BRANCH
DEPARTMENT OF AGRICULTURE
EDMONTON.

Thousands of Pairs Offered Free

Toronto, Ont.—A new, clear-vision spectacle has been created, which is guaranteed against breaking or tarnishing and is a great improvement over other makes, as they will enable almost anyone to read the very smallest print, thread the finest needle, and see far or near. Hundreds of thousands of them are already being worn.

The manufacturers, Self-Test Optical Company, 29-33 Melinda St., Dept. NW 691, Toronto, Ont., are offering to send thousands of pairs free. If you are not amazed and delighted, if you do not think their spectacles at only $3.98 equal to those sold elsewhere at $15.00, you can send them back. You won't lose a cent. They will also tell you how to get a pair for yourself without cost. Write them to-day.

CARD OF THANKS

Mr. and Mrs. C. O. Dawson wish to express their sincere thanks to all friends for their assistance on Sunday, and to operators of the Strathmore Telephone Exchange for their kindness in handling telephone calls, and especially to Constable Harrison for his very efficient work.

IN MEMORIAM

KNYVETT—In loving memory of our darling son, Ted, who fell asleep November 11th, 1926.
When we see a precious blossom,
That we tended with such care,
Suddenly taken from our bosom,
How our aching hearts despair.
Round his little grave we linger,
Till the setting sun is low;
Feeling all our hopes have perished
With the flower we cherished so.
Lovingly remembered by Mother, Dad, and his Sisters.

Coming Events

A. Layzell will hold a sale of the goods of P. Duffus, of Carseland, on Friday, November 9th.

The Chautauqua will be at Standard on November 16, 17, 19 and 20.

The Annual Armistice Memorial Service will take place in the Memorial Hall, Strathmore. The Preacher will be Honorary Captain and Chaplain W. H. Muncaster, of Calgary, 7.30 p.m. Sunday, November 11th.

The School Concert will be held on December 20th. Remember the date.

The Annual Masquerade Dance at Nightingale has been postponed from November 9th to November 16th. Please make note of the change.

There will be a united choir for the Memorial Service on Sunday in the Memorial Hall, and members of the choirs of St. Michael & All Angels and the United Church, and also the members of the Strathmore Choral Society are requested to attend a choir practice in the United Church on Thursday night at 8 o'clock. Those having copies of the Recessional music are requested to bring it with them.

CARD OF THANKS

Mr. and Mrs. O. R. Booth wish to express their thanks to all who so kindly assisted them in their recent bereavement, especially to Mr. C. O. Dawson and family, and to their many friends for beautiful floral contributions.
